

THE CIRCUMFERENCE OF FOREVER

May 18-20, 2012

Dances of Universal Peace Retreat

At Hummingbird Music Camp, Jemez Springs, New Mexico

*With Tara Andrea, Maboud, Shems Nickle, Shivadam, Joseph Salack,
Sat Jivan, Sky Majida, Darvesha and Friends*

I am yearning to return to unpretentious authenticity, and transcend foreboding moans.

*Although seemingly alone I am surrounded by sacred soundings
like the seamlessness of tones from whales.*

Underneath the ocean floor lies an oval door which patiently implores opening.

*I wait to experience the unborn come into form, as it shakes loose from its
majestic moorings and rises into an expression of the seen world.*

*The whole story can never be told, suffice it to say, the inside and outside coincide
and we all come from the circumference of forever. (Poetry by Tomas Myers, Santa Fe)*

Join us to explore and feel into the mystery of *The Circumference of Forever*....
Through the Dances of Universal Peace, walking and wazifa practices,
meditation, group sharing and poetry, we will call upon the qualities of tender
love and healing wisdom to navigate this realm of our hearts.
